A SPECIAL SALE

Men's Made-to-Measure
SUITS
\$13.50

Here's a sale that includes the remnants left from the spring business. Just a few yards to the pattern—enough to make from one to five suits in a pattern.

The Tailors we represent claim that these remnant sales not only clean up all the remnants and leave them with brand new goods to start the next season on, but that the advertising they get out of them from pleased customers more than compensates for what they lose in making the price \$13.50 a suit.

**Some Suits in This Lot
Sold For \$26**

and we guarantee that these will fit as well and the workmanship be as good as if you paid the regular price.

Better avail yourself of this extraordinary opportunity at once as they are moving fast.

DEATH OF MRS. LLOYD

DIES AFTER AN ILLNESS OF
ONLY THREE DAYS

Mother of Mrs. Lizzie Hammond.
Body Taken to Andalusia
for Interment.

Mrs. J. J. Lloyd, of Andalusia, died at the home of her daughter, Mrs. Lizzie Hammond, on South Oates street, last night at one o'clock after an illness of only three days. She was stricken Sunday with acute gastritis and though all that medical aid could do for her relief was done, she grew steadily worse until the end came last night.

Mrs. Lloyd had passed man's allotted time on earth, having lived three years more than three score years and ten. She came to Dothan ten days ago to spend a while with her daughter, after having visited friends in Elba for about a month. The remains, accompanied by the family, were taken to Andalusia this morning for interment.

The sympathy of their Dothan friends goes out to the bereaved family in this, the hour of their sorrow.

MR. AND MRS. SHERMAN LOSE LITTLE DAUGHTER

Remains Were Carried to Blakely,
Ga., This Afternoon for
Interment.

Last night death claimed Henry, the eleven months old daughter of Mr. and Mrs. J. H. Sherman. The little girl had been fighting a losing battle with fever for several days, though the best of medical attention was given her, physicians of other cities aiding local physicians with their skill, the grim reaper won the fight and gathered his tender harvest to the other shore.

Mr. and Mrs. Sherman have the heartfelt sympathy of the entire city in this, their third loss within the past twelve months.

The little infant's remains were taken to Blakely this afternoon for interment.

CHANGE OF SCHEDULES ON THE COAST LINE

The announcement comes from headquarters of the Coast Line that some important changes in the schedules of the two day trains, Nos 180 and 189, running between Montgomery and Savannah and Jacksonville. The change will go into effect Sunday, July 18.

Train No. 180 leaving Montgomery every morning at 6:50, will, after Sunday, leave twenty-five minutes earlier, or at 6:25 o'clock, and will arrive in Dothan at 10:40 instead of 11:05.

Train No. 189, leaving Savannah early every morning and arriving in Dothan at 1:40, will leave earlier and will arrive in Dothan at 12:55, according to the new schedule, instead of 1:40, as at present.

These changes have been made on account of the recent changes in the schedules of the L. & N. and Western trains leaving Montgomery.

For Rent—Five room house, all modern improvements, close in. Apply at this office.

SOME ECHOES FROM THE ALABAMA PRESS ASSOCIATION

THE PRESS MEETING AND
OUTING

Demopolis Times.

Last week a large number of the Alabama Press Association met in annual session in Dothan, the queen of the wiregrass section of Alabama. The hospitable people of that city entertained the Association royally. From Dothan a special train on the Atlanta & St. Andrews Bay Railroad, chartered by the Commercial Club of Dothan, took the crowd to Panama City and St. Andrews, on that beautiful body of water, St. Andrews Bay. The two first days the good and hospitable people of these two towns entertained the Press delightfully. After these two days the party secured quarters for several more days, and enjoyed the grand surf bathing in the Gulf of Mexico, and capturing some of the finest specimens of the fishy tribe. For a lovely body of water, fine fishing, exuberant surf bathing, St. Andrews Bay can't be beat. The editor was not feeling well yesterday afternoon when he returned, and The Times was about ready to go to press, so only a few words this week on the press outing. A full account will appear next week, giving our readers some idea of the great growth and importance of Dothan, its possibilities, etc., and the beauties of St. Andrews Bay as a resort, and her possibilities as a very important port.

We regret that we are unable to say more on these subjects in this issue.

A Chickering piano in good condition, at your price. See it at 197 N. Foster Street. W. S. Harris, jeweler.

EDITORS AT DOTHAN

Pine Belt News.

The thirty-eight annual session of the Alabama Press Association was held in Dothan June 16th and 17th. A large number of the daily and weekly papers of the state were represented. Committees met the editors at the trains and assigned them to homes and such a welcome accorded and lavish hospitality extended was never before experienced by Alabama's "moulders of public opinion." But it's Dothan's way of doing things. Nothing was too good for the editorial party. The keys of the city were turned over to us, the gates and homes thrown wide open and genuine Southern hospitality uncoiled.

The meetings were interesting and beneficial to everyone.

Thursday night a delightful banquet was tendered the visitors at Hotel Mullen, which was a brilliant event that was thoroughly enjoyed by everyone.

Officers of the association for the ensuing year were elected as follows:

G. C. Fennell, Guntersville, president.

A. B. Kennedy, Montgomery, vice president.

Jacob Pepperman, Montgomery, secretary.

Frank Chrichton, Clanton, treasurer.

R. C. Williams, Dothan, orator.

Mrs. R. E. L. Neil, Selma, essayist.

W. T. Hall, Dothan, poet.

As our space is limited this week, next week we will have more to say of Dothan, the "Queen City of the Wiregrass," and the pleasure trip to Panama City and St. Andrews.

Thaw's creditors are interested in getting him to appear sane

It is hardly possible that we have the hottest weather of the season already

This country is too young to sport many millionaires but it is overcoming that condition

The city of Atlanta has not yet inaugurated excursions to that city to meet the scout cars as they come in

The Chicago man who has given away his last million is in no worse shape than many people we know who gave away a few amount

The enterprising highwayman have ceased to hold up and rob trains to a certain extent, and are devoting their time to robbing the Pullman porters. This is found to be a more profitable pastime

Up in Cincinnati an enterprising pastor has sprung a new one on the late choir members. He hung up eagles containing three hundred eagles Sunday, and such a noise one never before in one church

A Chicago judge has handed down a decision that marriages by justices of the peace in that city are illegal. Now if the justices of the peace will hand down a decision that the judge's decision is full of mud, and no good anyway, they will play even

A Chicago law was tripping along to work early in the morning and plucked a flower from a yard as she passed. She was promptly jailed for a day and a night. Well, we are of the opinion that if flowers are as scarce in Chicago as honesty and justice that the gal ought to have been put up for taking all the city had

We don't know which is the most trouble in this town the low awnings, the low shade trees, or the low limbs of the shade trees. There are some awnings that will bump your head unless you stoop. No awning in town ought to make a person of average height stoop much less a shade tree, and you move that they be swung up

And Georgia, right at our door has passed a law taxing the dog \$50 a year, which is supposed to be collected by the haliffs of each precinct. Georgia needs the money, and this means of collecting it appealed to the lawmakers. After all, it will fall heaviest on the shoulders of those less able to bear the burden.

The Montgomery Journal remarks that "Roasting the supreme court may make some one shout, but it is a dangerous business after all." Well, why is it a dangerous business? A supreme court is composed of judges who are just lawyers and not always lawyers who have made a success of their profession, for many lawyers can't afford to give up their practice for a seat on the supreme bench. The laws give them more authority, it is true, but they shouldn't be placed on such a high pedestal that no one can criticize their actions. And by this we don't mean to endorse that Brooks Lawrence said about the subject matter, for we think he shouldn't have said what he

did, but the idea should not get out that supreme court judges' decisions cannot be questioned or derided. Sometimes they are wrong, and reverse themselves later, which isn't so bad

HAS TITLES FOR SALE

Some woman has arrived in New York to dispose of some of her titles. She claims to have a selection, good as new, of some thing like twenty million. There are too many for any woman. She is clearly title poor as we say when a man gets too much land to hold from the tax assessors. Her stock of titles range in price like the one she mentions the lady ought to clean up many millions. She has one that is freshly upholstered and revarnished with rich trimmings that she is holding at \$1,000,000 and states that she has brought it with an offer of \$400,000 but that she could not think of taking it for such a price as high as titles are selling in this country just now. She knew where to go for the best price and she hit New York in it. This million dollar title goes by the name of Countess D'Autour and she recommends it to be then a lady could have a broken city broke automobile broke and dead broke. By this you can see that the fresh millionaire can buy this title that has been in it just enough to make it run good and smooth and have no trouble with it. It will not shy at objects of the streets and when used judiciously will stand off a hotel but also it indefinitely across the water but is not much on standing off American hotel keepers. If the woman has any trouble in disposing of her stock in New York we advise her to drop down to Pittsburg and from there to Chicago, and some of the interior unraveled towns but for good news make don't come South. Titles are not bringing what they ought to just now in the South for the watermelon and cantaloupe crop is demanding attention and taking all the money

NOTICE

Notice is hereby given that a petition will be presented to his excellency Hon. B. B. Comer governor of Alabama to grant unto H. Long (a full pardon) who was convicted during the June term of County Court of Houston county for the offense of petit larceny and sentenced to a term of six months hard labor for said county.

This July 13, 1909
w. J. 24 (Signed) Nancy Long

THE BURDEN BEARERS

Mr. Taft tells us that reforms should emanate from the judiciary. Mr. Bryan says that the people alone are the best judges as to what they need and that changes in governmental conditions should come from them. Mr. Payne endeavors to protect the great industries of this country by a tariff so clothed in its works that the people fail to see it. Mr. Bailey declares that these industries can take care of themselves. Much of the teachings on this subject is little understood by the burden bearers. The clergy seeks in theoretical dogmas to calm the troubled minds by a display of words and have their hearers believe that mankind is transformed by their expositions and views taken from the GOOD BOOK. The educational enthusiast would make all mankind happy and pleased free and easy, by a theoretical development of the mind, forgetting that the developed mind has not the power of providing material for itself through the physical. Much of the teaching in regard to government abounds in making more places for the execution of the laws instead of developing the people so they may live together without the environment of laws to burden and keep them paying for so many places where justice is supposed to be meted out. The same is true of theology. Faith in the Divine Maker with a right idea for the taking care of the functions of the mind and body is the great need of humanity. Our experience is that trouble comes. That disease is abroad, and every season seems to have its leading ill. Just now malaria is dominant for which we offer TEN NILLE'S PILLS for the LIVER HOLLAN'S PAINLESS EYE WATER for the EYES. For bad stomachs use HOLLAN'S DYSPEPTIC ELIXIR. For bites of insects with their poisonous consequences keep yourself relieved by using HOLLAN'S HOUSEHOLD LINIMENT.
